Kazi Mahiuddin
Registrar,
Uttara University
House-04, Road-15, Sector-06, Uttara Model Town,
Uttara, Dhaka-1230.

Dear Kazi Mahiuddin,

I am Md. Masum Billah. I contact you regarding the open Lecturer (CSE) position with Uttara University. I have graduated in Software Engineering from Daffodil International University with a very strong academic background (CGPA: 3.95 out of 4.00) at the same time I do research with the "Bangladesh Council of Scientific and Industrial Research (BCSIR)" and have got very prestigious grant from them for future research work. I am working for an IT company (SoftCare IT) as a lead web application designer and developer. Moreover, I have trained over 300 students including foreign students on different programming languages and professional web application development.

As you may see from the enclosed CV, I have around three years of experience in the field of professional training and developing web application. Furthermore, I have got two research grants from Bangladesh Council of Scientific and Industrial Research (BCSIR). These rewards are a direct result of my expertise in research work as well as professional training and developing web application, my commitment to personal and professional excellence, and my excellent written and oral communication skills. This CV also represents my excellence academic background.

So, I believe I would be fitted personnel for this job position and I am highly motivated to be a lecturer (CSE) and I look forward to meeting you to further discuss employment opportunities with Uttara University.

Sincerely,
Md. Masum Billah
